## Rad-7xp

### 17" Ultra-thin LCD Display

The ultra-thin Rad-7xp LCD display delivers crisp, clear images on a 17.0" viewable screen. This high-performance display is ideal for home and business applications that require more screen space than a 15". It is also a superb choice for replacing bulky CRT monitors that take up too much of your desktop space. Plus, this light weight panel can also be conveniently wall-mounted.
